# Telescopic Stainless Steel Mirror 6.3 X 2.5cm

Telescopic inspection mirror with long, narrow lens, 63mm x 25mm, for excellent visibility and easier access in restricted areas. The long-reach shaft extends from 228mm to 717mm and the mirror head can be angled for the best view, offering good visibility of concealed and deep-set areas. The mirror has a durable stainless-steel frame and a slim profile soft grip handle, making this an excellent mirror for workshop and garage use, ideal for under vehicle and engine bay inspection.

## Additional Information

- Durable inspection mirror with polished stainless steel frame and soft grip handle.
- Mirror can be angled offering excellent visibility in restricted areas.
- Mirror size: 63 x 25mm.
- Telescopic, extends from 228mm up to 717mm.
- Larger telescopic mirror available, please see Laser Part No. 4997.
