LED & COB Rechargeable Head Light

A USB rechargeable, waterproof head torch with LED spotlight together with a COB LED strip light, featuring an infrared auto-sensor function allowing the light to be turned on and off with a simple wave of the hand. Each of the lights has a high and a low setting, with the spotlight also featuring a strobe function for emergencies. The main body is manufactured from rubber coated shock resistant plastic and is fitted with an adjustable elasticated headband, and the battery is charged via a USB cable. This is ideal for dark working areas and is suitable for use by mechanics, mobile repairers, patrol men, and plumbers. It could also be used when camping, running and walking.

Additional Information

- Multi-function, waterproof (IPX4) rechargeable headlight combining an LED torch and COB LED strip light. Brightness: LED 120 lumens, COB 350 lumens.
- 5 switch modes: 100% LED on, 50% LED on, 100% COB on, 50% COB on; plus long press for LED strobe.
- Simple auto-sensor function activation - press the sensor switch with the headlight turned on and the required function already selected.
- Working time: 2 - 6 hours; charging time: 2 hours. Powered by the built in 1200mAh lithium battery. Rechargeable from USB charging cable (included).
- Manufactured from rubber coated ABS plastic, with an adjustable elasticated headband. CE, UKCA & RoHS compliant.
