

Tamperproof Spline & Star Socket Bit Set 3/4"D 6pc

One-piece construction, heavy duty tamperproof spline and star* 3/4"D socket bit set. A useful kit for a range of service and maintenance jobs, including Audi A4/A6 (M16) and Ford Mondeo (T70). Impact quality chrome molybdenum bits with sizes deeply engraved on each socket for easy identification. A professional set supplied in a rugged metal storage case with fitted foam insert to keep the bits safely organised.

Additional Information

- 2 x tamperproof Spline socket bits: M16 and M18.
- 4 x tamperproof Star* socket bits: T70H, T80H, T90H and T100H.
- Impact quality Chrome Molybdenum, one-piece construction for strength.
- M16 are commonly used on Audi A4 and A6 while Ford Mondeo uses the T70.
- Star is the equivalent to TORX® - 6 sided. TORX® and TORX PLUS® are registered trademarks of Acument Intellectual Properties, LLC.
