

Adjustable Brake Caliper Rewind Tool

This universal brake rewind tool with adjustable pins enables it to fit pistons with a pin distance between 20 - 35mm, so that it covers many popular vehicle applications. It also features a double-ended design allowing it to wind-back both left and right-handed caliper pistons.

Additional Information

- Universal adjustable brake caliper rewind tool.
- Features left and right hand screw thread which increases the number of vehicles it can be used on.
- Complete with reaction plate.
- Adjustable adaptor for a wide variety of vehicles.
- Over 1500 applications.
