

Long Nose Pliers 150mm

Set of micro long nose pliers, with spring loaded action and cushioned handles for comfort. Quality chrome vanadium construction with hardened, polished 1.7mm tips and integrated wire cutter, designed for precision use.

Additional Information

- Length: 150mm; jaw opening: 40mm; tip size: 1.7mm.
- Long jaws provide access into difficult to reach areas, with small tips to easily grip small objects.
- Spring loaded, soft grip handles for repetitive use.
- Manufactured from chrome vanadium for strength.
- Shorter long nose pliers also available in the micro precision range. Please see Part No. 6015 (130mm).
