

Wheel Internal Thread Kit

For use on vehicles that use wheel bolts rather than wheel nuts.

Additional Information

- Applications include: M12 x 1.25 for PSA; M12 x 1.5 for Mercedes-Benz & BMW; M12 x 1.75 for Volvo; & M14 x 1.5 for VAG models.
- Associated Laser products include 5648 and 5216.
- For best results use with hand tools (drive with a 12mm socket or ring spanner).
- Tools are 55mm long with 25mm of thread.
- Packed in a blow moulded case. Due to the nature of the products these tools are consumable.
