

CV Boot Clip Pliers - for VAG

A specialist tool for securing the clips on outer CV boots across a range of VW Group vehicles. The head has an integral stop so that the pliers can close enough to grip without cutting, making it easy to secure clips correctly. The pliers have shaped, spring assisted handles for ease of use and are made from steel with a hardened composite body for strength and durability.

Additional Information

- Applications include: Audi, Mercedes-Benz, Skoda, Toyota, Volkswagen.
- Equivalent to OEM 3340 A.
- For 108mm drive shaft diameters.
- Spring loaded handles for control & precision.
- Suitable for use with CV boot clamps, Part Nos. 30881 & 30882.
