

Front Crankshaft Oil Seal Fitting Tools - for Ford, JLR

Developed specifically for the 2.0, 2.2, 2.4 and 3.2L Ford TDCi Duratorq engines found in Transit, Ranger and Mondeo models. The 2 components are required when the front crank seal is replaced and also when the front engine cover is removed.

Additional Information

- For use on Duratorq engines.
- Applications: Ford Transit, Ranger (with 2.0, 2.2, 2.4 and 3.2L TDCi/TDDi engines), plus Jaguar X Type X400 and Land Rover Defender.
- This kit is required when you replace the crank seal and also when you remove the front engine cover to replace the chain.
- Equivalent to OEM 303-679A, 303-682; for Ford OE seal # 3S7Q-6700-AD.
- Made in Sheffield.
