

Turbo Adjustment Set - for VAG

Specially designed spanner and split deep socket to assist in the removal, fitting and adjustment of the turbo pressure capsule and turbo actuator on VAG engines.

Additional Information

- Applications: Golf MI V1 (2008 - 2013), Golf Plus (2004 - 2015), Jetta (2004 - 2010), Passat (2005 - 2010), Passat CC (2008 - 2012), Scirocco (2008 - 2017), EOS (2006 - 2015), Tiguan (2007 - 2018), Transporter T5 (from 2009).
- Equivalent to OEM T10422A, T10423.
- The deeper socket is specifically required for the later common rail diesel engines.
- Its design allows use on both early and late pressure capsules.
- When removing the turbo charger, special spanner (Part No. 6670) will be required to loosen the oil feed pipe.
