

Tarpaulin Grommet Fitting Kit - for HGV

This kit provides everything required to professionally fit metal grommet (rope eyelets) to HGV truck and trailer tarpaulins. Specifically designed for grommet diameters 12 and 16mm.

Additional Information

- 'G' clamp style grommet fitting tool ensures proper alignment of the mating components, which can be bench mounted or hand held.
- Includes 12mm and 16mm anvil and punch set.
- Hole punch set included for 12mm and 16mm holes, supplied with hole punch mat.
- Ideal for use on leather, plastic, canvas and rubberised heavy duty tarpaulins. Ideal for use on boats, sports cars, trucks and trailer covers where grommets are used for rope and shock cord tie downs.
- Supplied with 12mm and 16mm grommets. Grommets available separately - please see Laser Part Nos. 7896 (16mm), 7897 (12mm).
