

Power Extensions with Wobble Function 3pc

A set of 3 power extensions with wobble function for driving 1/4"D, 3/8"D and 1/2"D sockets with quick chuck facility. Integral wobble function provides up to 30° angle swivel, allowing easier access to hard to reach fasteners.

Additional Information

- Power extensions to convert power drill to drive 1/4"D, 3/8"D & 1/2"D sockets. Ideal for cordless drills and bit drivers.
- Dual function: fixed or wobble, allowing up to 30° swivel providing greater reach for difficult access fasteners.
- Quick chuck fixing for ease and speed of use.
- 1/4"D, 3/8"D extension length: 65mm; 1/2"D extension length: 72mm.
- Manufactured from chrome vanadium for strength with black phosphate finish. Set of 3 fixed only extension set available, please see Laser Part No. 2981.
