

Padlock Station Kit - Option 1

Padlock station kit including standard and long shackle padlocks and lock out hasps. Ideal for any garage or bodyshop working on hybrid/EV vehicles allowing easy access, storage and identification of what locks are in use.

Additional Information

- Padlock station holding up to 6 padlocks for easy access and safe storage of padlocks in one place. Use to store unused safety padlocks to see at a glance what locks are in use. Size: 140 x 40 x 80mm.
- 2 x 38mm & 76mm shackle, non conductive nylon bodied lockout padlocks (with two coded keys), for preventing accidental activation of, or access to high voltage systems.
- 2 x flexible hasps, each with 6 padlock holes. Allows the safe and effective lock out where electric power isolation is required by more than one operative.
- Padlock station kit with long shackle padlocks available - please see Laser Part No. 8151.
- All products contained in this kit are available as individual items - please see Laser Part Nos. 7944 (padlock station), 6641 (38mm padlock), 7943 (78mm padlock), 7942 (lock out hasp).
