

Crankshaft Position Sensor Ring Installer - for JLR TDV8

Designed to install the TDC position sensor ring on the JLR TDV8 diesel engines found in the Range Rover and Range Rover Sport models. It is critical that the sensor ring is fitted in the correct position in relation to the crankshaft to ensure correct injection timing.

Additional Information

- Applications include: Range Rover and Range Rover Sport TDV8 3.6 & 4.4L.
- Used to correctly install the crankshaft TDC trigger wheel.
- Equivalent to OEM 303-1237.
- Use in accordance with OEM instructions.
- For crankshaft trigger wheel installer for TDV6 engines, see Laser Part No. 6831.
