

Adjustable Head Pry Bar Set 3pc

A set of 3 adjustable head pry bars, manufactured from chrome molybdenum and steel, with sort grip handles for comfort. The heads are indexed, giving 11 set positions through 180 degrees, which can be locked into place by use of a push button on the side of the head. Can be used in a wider variety of positions than a traditional fixed head pry bar and ideal for use in hard to access areas.

Additional Information

- 3x heavy duty pry bars with adjustable indexing heads.
- Sizes: 200mm (8"), 300mm (12") & 400mm (16").
- Feature 11 position head that can rotate through 180°, with push button to lock into place.
- Heads manufactured from chrome molybdenum (35 CR-MO), shafts from steel (40 CR), with Polypropylene (PP) & Thermoplastic rubber (TPR) handles.
- Supplied in a blow mold case for storage.
