

Telescopic Bit Holder 200 - 280mm

A telescopic bit holder extension fitted with a quick chuck, suitable for both cordless drills and bit drivers. It can be adjusted from 200 to 280mm in length, which can be set using the quick release collar. It also features a rotating sleeve, allowing for it to be positioned and held in place during use, together with a magnetic bit holder with quick release suitable for use with any 1/4" shank bit.

Additional Information

- Extendable bit holder suitable for any 1/4" shank bit.
- Fully adjustable - range: 200 - 280mm.
- Quick chuck end for fast change, with quick release bit holder.
- Ideal for use with cordless drills.
- Manufactured from chrome vanadium (CRV 6150) with anodised aluminium rotating sleeve.
