

HGV Stud & Hub Cleaning Kit 7pc

A HGV stud and hub cleaning tool kit suitable for use on most HGV wheel studs up to 28mm in diameter, to remove corrosion and dirt in preparation of refitting the wheels to the vehicle. It features a 1/2" square drive, enabling it to be fitted to the same impact wrench/air gun that was used to remove the wheel nuts (only requires light contact pressure for best results).

Additional Information

- Removes corrosion & dirt from hubs, especially useful for cleaning round the base of studs.
- Suitable for most HGV wheel studs up to 28mm in diameter.
- Features an impact drive locking sleeve, with a knurled ring to aid tightening & loosening the abrasive discs.
- Includes 6x abrasive discs, sizes: 50 x 12, 50 x 13, 50 x 14, 60 x 16, 60 x 22 & 60 x 28mm.
- Use with a 1/2"D impact gun or power tools.
