

Impact Driver Bit & Square Drive Wrench Set - 4pc

A set of special air hammer adaptors that connect to square drive sockets and bits to an air hammer, and 19mm flexi head ratchet wrench. Allows for simultaneous application of torque and impact to loosen stubborn fixings that could otherwise be rounded off.

Additional Information

- Allows the application of impact & torque for loosening of tight or corroded fixings.
- Adaptors to allow connection to: 3/8"D & 1/2"D socketry, 5/16" shank hex bits.
- Includes 19mm flexi-head gear wrench.
- Manufactured from chrome vanadium. Designed to be used with impact quality sockets & bits.
- For use with Laser air hammer (Part No. 6031) or equivalent. Presented in a EVA foam organiser tray (33 x 170 x 238mm).
