

Tool Backpack - 50th Anniversary

The Laser 9302 backpack is a specialised tool bag designed for professionals who need to transport and store their tools conveniently and securely. Unlike traditional carried tool bags, this backpack format offers a hands-free solution. It features a zipped main compartment, containing 11 elasticated insert pockets for organising and securing tools, ensuring they are readily accessible. Additionally, it features 2 zipped external pockets which are included for the safe storage of documents, phones, and other personal items, together with 2 mesh side pockets. Launched to celebrate Laser Tools 50th year and covered by the Laser Tools special 50-year limited warranty (see website for details).
