

## Interchangeable Circlip Plier & Crimper Set 5-in-1

A set of circlip pliers for internal and external use, with angled and straight tip heads as well as a head that turns them in to a long nose crimping plier. The set includes 4 interchangeable circlip heads and 1 plier head. This cleverly thought-out set also utilises a strong plastic casing to assist in the fast swapping of the heads.

### Additional Information

- 5-in-1 circlip & crimping pliers with interchangeable heads.
- Maximum overall length: 185mm.
- Heads included: 2x internal circlip heads (angled & straight), 2x external circlip heads (angled & straight) all equipped with fixed 1.6mm tips, 1x crimping plier head.
- Manufactured from 50 grade steel (hardened to 50-55 HRC), with a black phosphate finish.
- Spring-loaded, with PVC soft grip handles & locking clip for ease of use. Spring loaded heads for better control.
