

## Air Blow Gun - Extendable with Side Holes

An extendable side hole air blow gun with a plated steel extension tube that can extend from 415 to 750mm. The handle is manufactured from composite plastic material to give strength with lightness and help avoid cold hands associated with air tools. Ideal for cleaning out air filters, intercoolers and radiators on HGV and larger agricultural machinery or anywhere access requires a long blow tube.

### Additional Information

- Features a telescopic extra-long side blow nozzle, ideal for cleaning out otherwise difficult to reach areas.
- Minimum Length 415mm, Max. length 750mm. For short reach blow gun, please see Laser Part No. 7402.
- Working pressure: 90psi; Max pressure: 140psi.
- Thread: 1/4" BSPT.
- Supplied in component form for simple self-assembly.
