

## Extendable Inline Pocket Swirl Gun

The Laser 9270 combines swirl gun technology with a small inline button type air gun and extension tubes, making this the perfect blow gun to use where access is tight. The swirl affect is produced by a trumpet shaped nozzle that houses a rotating air hose, creating a vortex-like stream of air to clear away dust and debris. Perfect for cleaning and detailing car interiors, including; upholstery, headlining, car mats and dashboards etc. Suitable for use by mechanics, bodyshops and car detailers.

### Additional Information

- Small button type blow gun, featuring a trumpet shaped nozzle, that creates a vortex-like funnel of air to blast away dust & debris.
- Features a 32mm diameter trumpet nozzle, ideal for tight spaces. Supplied with 3x 100mm long extensions, ideal for accessing deep recessed areas.
