

Pneumatic Tyre Plug Fitting Tools 2pc

Puncture sealing ropes, such as the Connect 37003, can be difficult to insert, especially on reinforced tyres commonly found on electric vehicles, heavier cars, and 4x4s. The Laser 9323 has been designed to make rope plug installation quicker and easier by using an air or electric hammer.

Additional Information

- contains: 1x hole cleaning file punch & 1x rope plug fitting needle.
- Used to fit rope style tyre plugs, including Part Nos. 37003, 9146 & 9147.
- Manufactured from Chrome Molybdenum (SCM440).
- Suitable for use with Laser air hammer (Part No. 6031) or equivalent.
